

HACKNC 2025

SPONSORSHIP PACKAGE

DEAR POTENTIAL SPONSOR!

Launched in 2014, **HackNC** was the first student-led hackathon in North Carolina and has now become one of the largest hackathons in the Southeast United States. Every fall, students arrive at UNC to spend their weekend building inventions and tools to change the future. **This year, we will be proudly holding HackNC 2025, October 11-12, 2025 in-person!**

400+

Hackers

30+

Mentors
& Judges

As a **beginner-friendly** event hosted each fall at **The University of North Carolina at Chapel Hill**, we pride ourselves on being highly accessible to the widespread community of aspiring designers, engineers, and developers. We want the introductory programmer who just learned about a “for loop” to have as fruitful of an experience as a senior with published research. To do this, we do much more than just housing and feeding participants. We hope to foster a safe, creative environment where hackers can build what their heart desires. We hold **invigorating workshops, amazing mentorship opportunities, engaging product demos, intriguing tech talks with novel leaders in the field**. Our sponsors greatly aid us in putting on a successful hackathon year after year, and thus we are extremely grateful to them and their efforts as well.

Sponsoring HackNC is more than just a good deed for the next generation of developers. Our team is working diligently to ensure our corporate partners benefit from the relationship just as much as we do. We offer **exceptional support, streamlined logistics, a comprehensive judging framework refined through years of experience, and a tailored sponsor approach that aligns with your goals**.

Best,
Team HackNC

TRACKS

GENERAL

The General track is the typical hacker experience, ensuring that hackers have complete control over their creations while offering resources as necessary. We hope to connect hackers with industry leaders and help them innovate on their ideas with new technologies.

BEGINNER

The Beginner track is designed to guide first-time hackers in their quest to build something new. In this guided effort, we hope to make use of our mentor pool to help guide first-time hackers in using development technologies, and help increase their exposure to the field.

SPONSOR A TRACK

Craft a challenge that taps into trends or themes shaping your industry. Let hackers explore your tools in creative ways and see how your technology powers real solutions. Offer prizes, swag, or even final-round interview invites to standout teams. It's a smart way to spark innovation, spotlight your brand, and connect with rising talent.

LOYALTY BENEFITS

At HackNC, we deeply value the partners who continue to support and grow with us. We are committed to building strong, lasting relationships and we recognize that great partnerships are built over time.

RETURNING SPONSORS

If you sponsored HackNC last year, you are eligible* for a 15% returning partner discount.

LEGACY SPONSORS

If you've sponsored us at any point in the past, you are eligible* for a 10% loyalty discount.

**Discounts are available only for sponsors that are not yet part of UNC CS Corporate Partners Program (CPP). Additionally, for past and new sponsors a price lock guarantee for next year with at least the same level of perks will be applied.*
